Data Protection Principles

a) We fairly and lawfully process personal data in a transparent way

Eccles Community Choir will only collect data where lawful and where it is necessary for the legitimate purposes of the group.

- A member's name and contact details will be collected when they first join the group, and will be used to contact the member regarding group membership administration and activities. Other data may also subsequently be collected in relation to their membership, including their payment history for 'subs'. Where possible Eccles Community Choir will anonymise this data.
 - Lawful basis for processing this data: Contract (the collection and use of data is fair and reasonable in relation to Eccles Community Choir completing tasks expected as part of the individual's membership).
- The name and contact details of volunteers, employees and contractors will be collected when they take up a position, and will be used to contact them regarding group administration related to their role.

Further information, including personal financial information and criminal records information may also be collected in specific circumstances where lawful and necessary (in order to process payment to the person or in order to carry out a DBS check).

- Lawful basis for processing this data: Contract (the collection and use of data is fair and reasonable in relation to Eccles Community Choir completing tasks expected as part of working with the individuals),

b) We only collect and use personal data for specific, explicit and legitimate purposes and will only use the data for those specified purposes.

When collecting data, Eccles Community Choir will always provide a clear and specific privacy statement explaining to the subject why the data is required and what it will be used for.

c) We ensure any data collected is relevant and not excessive

Eccles Community Choir will not collect or store more data than the minimum information required for its intended purpose. e.g. we need to collect telephone numbers from members in order to be able to contact them about group administration, but data on their marital status or sexuality will not be collected, since it is unnecessary and excessive for the purposes of group administration.

d) We ensure data is accurate and up-to-date

Eccles Community Choir will ask members, volunteers and staff to check and update their data on an annual basis. Any individual will be able to update their data at any point by contacting the Data Protection Officer.

e) We ensure data is not kept longer than necessary

Eccles Community Choir will keep records for no longer than is necessary in order to meet the intended use for which it was gathered (unless there is a legal requirement to keep records).

The storage and intended use of data will be reviewed in line with Eccles Community Choir's data retention policy. When the intended use is no longer applicable (e.g. contact details for a member who has left the group), the data will be deleted within a reasonable period.

f) We keep personal data secure

Eccles Community Choir will ensure that data held by us is kept secure.

- Electronically-held data will be held within a password-protected and secure environment
- Passwords for electronic data files will be re-set each time an individual with data access leaves their role / position
- Physically-held data (e.g. membership forms or email sign-up sheets) will be stored in a locked cupboard
- Keys for locks securing physical data files should be collected by the Data Protection Officer from any individual with access if they leave their role / position. The codes on combination locks should be changed each time an individual with data access leaves their role/position
- Access to data will only be given to relevant trustees / committee members / contractors where it is clearly necessary for the running of the group. The Data Protection Officer will decide in what situations this is applicable and will keep a master list of who has access to data
- Group emails will only be sent using Blind Copy (BCC) facility

g) Transfer to countries outside the EEA

Eccles Community Choir will not transfer data to countries outside the European Economic Area (EEA), unless the country has adequate protection for the individual's data privacy rights.

When Eccles Community Choir collects, holds and uses an individual's personal data, that individual has the following the rights over that data. Eccles Community Choir will ensure its data processes comply with those rights and will make all reasonable efforts to fulfil requests from an individual in relation to those rights.

Individual's rights

- *Right to be informed:* whenever Eccles Community Choir collect data it will provide a clear and specific privacy statement explaining why it is being collected and how it will be used.
- *Right of access:* individuals can request to see the data Eccles Community Choir holds on them and confirmation of how it is being used. Requests should be made in writing to the Data Protection Officer and will be complied with free of charge and within one month. Where requests are complex or numerous this may be extended to two months
- *Right to rectification:* individuals can request that their data be updated where it is inaccurate or incomplete. Eccles Community Choir will request that members, staff and contractors check and update their data on an annual basis. Any requests for data to be updated will be processed within one month.

- *Right to object*: individuals can object to their data being used for a particular purpose. Eccles Community Choir will always provide a way for an individual to withdraw consent in all marketing communications. Where we receive a request to stop using data we will comply unless we have a lawful reason to use the data for legitimate interests or contractual obligation.
- *Right to erasure*: individuals can request for all data held on them to be deleted. Eccles Community Choir's data retention policy will ensure data is not held for longer than is reasonably necessary in relation to the purpose it was originally collected. If a request for deletion is made we will comply with the request unless:
 - There is a lawful reason to keep and use the data for legitimate interests or contractual obligation.
 - There is a legal requirement to keep the data.
- *Right to restrict processing*: individuals can request that their personal data be 'restricted' – that is, retained and stored but not processed further (e.g. if they have contested the accuracy of any of their data, Eccles Community Choir will restrict the data while it is verified).

Though unlikely to apply to the data processed by Eccles Community Choir, we will also ensure that rights related to portability and automated decision making (including profiling) are complied with where appropriate.

We only share members' data with other members with the subject's prior consent. As a membership organisation, Eccles Community Choir encourages communication between members. To facilitate this:

- Members can request the personal contact data of other members in writing via the Data Protection Officer or Chair. These details will be given, as long as they are for the purposes of contacting the subject (e.g. an email address, not financial or health data) and the subject has consented to their data being shared with other members in this way.

Eccles Community Choir may regularly collect data from consenting supporters for marketing purposes. This includes contacting them to promote performances, updating them about group news, fundraising and other group activities.

Any time data is collected for this purpose, we will provide:

- A method for users to show their positive and active consent to receive these communications (e.g. a 'tick box')
- A clear and specific explanation of what the data will be used for (e.g. 'Tick this box if you would like Eccles Community Choir to send you email updates with details about our forthcoming events, fundraising activities and opportunities to get involved')

Data collected will only ever be used in the way described and consented to (e.g. we will not use email data in order to market 3rd party products unless this has been explicitly consented to).

Every marketing communication will contain a method through which a recipient can withdraw their consent (e.g. an 'unsubscribe' link in an email). Opt-out requests such as this will be processed within 14 days.

They, together with the trustees / committee are responsible for the secure and fair retention and use of data by Eccles Community Choir. Any questions relating to data retention or use of data should be directed to the Data Protection Officer.

A regular review of all data will take place to establish if Eccles Community Choir still has good reason to keep and use the data held at the time of the review.

As a general rule a data review will be held every year and no more than 27 calendar months after the last review. The first review took place in March 2018.

Data to be reviewed

- All reasonable and practical efforts will be made to remove data stored digitally.
 - Priority will be given to any instances where data is stored in active lists (e.g. where it could be used) and to sensitive data.

- Where deleting the data would mean deleting other data that we have a valid lawful reason to keep (e.g. on old emails) then the data may be retained safely and securely but not used.

Does the original reason for having the data still apply?	Continue to use	Delete or remove data
Is the data being used for its original intention?	Continue to use	Either delete/remove or record lawful basis for use and get consent if necessary
Is there a statutory requirement to keep the data?	Keep the data at least until the statutory minimum no longer applies	Delete or remove the data unless we have reason to keep the data under other criteria.
Is the data accurate?	Continue to use	Ask the subject to confirm/update details
Where appropriate do we have consent to use the data. This consent could be implied by previous use and engagement by the individual	Continue to use	Get consent
